OUR SERVICES

Facility Management
Provision specialized human resources

OUR VISION

Our vision is derived from Vision 2030, aiming to provide the best services characterized by efficiency and high quality, meeting market demands.

We strive to serve our customers with a high degree of safety and reliability, adhering to the highest standards of Saudi quality, to become the leading specialized Saudi company in the field of operation and maintenance.

OUR **MESSAGE**

Ghasiq Company aims for high quality and credibility, ensuring complete trust from our clients by providing highly skilled personnel with technical expertise as needed, delivering our services to all economic entities, whether governmental, semi-governmental projects, or the private sector.

OUR GOAL

To provide continuous and repeated support, reflecting the nature of the operation and maintenance services offered by Ghasiq, which are stability, continuity, and professionalism. We aim to be a reliable partner for every commercial establishment, contributing to enhancing our competitive capabilities and achieving sustainable successes through providing operation and maintenance services that match the latest global standards.

MESSAGE **FROM THE CEO**

We are extremely proud to be a part of our clients' and partners' success, and we believe they deserve the best solutions and services to achieve our success, which stands as the best example to follow.

OUR SERVICES

PROVISION OF SPECIALIZED HUMAN RESOURCES

- ✓ Providing specialized expertise in all technical and administrative fields according to customer needs.
- ✓ Supporting projects with a qualified team carefully selected to ensure efficient execution of tasks.
- ✓ Offering training and qualification programs for personnel to ensure their alignment with market requirements and quality standards.

OPERATION AND MAINTENANCE SERVICES

- ✓ Managing and operating facilities according to the highest standards of efficiency and quality.
- ✓ Providing comprehensive and periodic maintenance solutions that ensure the sustainability and performance improvement of assets.
- ✓ Committing to using the latest technologies and global maintenance methods to reduce costs and increase reliability.

LOGISTICS SERVICES

TIMELINE

FOR OUR BEST SERVICES

- **INITIAL PHASE**
- 01 Storage Phase
- 02 Warehouse Phase
- 03 Distribution Phase
- **FINAL PHASE**

OUR BEST SERVICES

Ghasiq Company offers a comprehensive storage and distribution system that allows for the efficient packing, wrapping, and storage of shipments throughout the region. Our services include:

STORAGE MANAGEMENT SERVICES

SHORT-TERM STORAGE:

Suitable for storing items for less than three months. It allows flexibility and speed without the need for complex protective measures. It is advisable to consider the temperature inside the storage unit to protect sensitive items like electronics.

LONG-TERM STORAGE:

Designed for storing items for more than three months and provides protection from factors such as dust and rust. It requires proper packaging, like plastic covers, to ensure the safety of items throughout the storage period under various weather conditions.

WAREHOUSE MANAGEMENT SERVICES

LOADING AND UNLOADING SHIPMENTS:

Transporting heavy or unwieldy goods between vehicles and nearby locations to facilitate the shipping process.

PACKING AND WRAPPING:

Preparing goods for shipping through packing and labeling, protecting them from damage and reducing costs during the export process.

FUMIGATION AND PEST CONTROL:

Pest control using gas fumigation to protect goods and buildings from harmful organisms.

DISTRIBUTION SERVICES

DELIVERY:

Refers to the process of transporting and delivering goods, which is pre-arranged from the warehouse to the client.

DELIVERY SCHEDULING AND REPORTING:

Includes a delivery scheduling system for clients, electronic data exchange, and procedures related to the relevant documentation.
